Read the Administrator's script from the One Minute Word Reading 'Instructions for Administration and Scoring'

Start your stopwatch as soon as the child starts pronouncing the first word.

Stop the test after 60 seconds.

In the 'Response' column, write ✓ or 1 beside correctly decoded words, X or 0 beside **misread** words, **SC** beside **self-corrected** words and write / beside **skipped and refused words**.

If the child gets stuck on a word, encourage them to keep going.

Draw a line after the last word attempted by the child.
